RACK LiFePO4 BATTERY MODULE ENERGY STORAGE SYSTEM -FOR RESIDENTIAL AND SME

Introduction of the Batteries For Solar Off Grid

When it comes to solar off-grid systems, choosing the right battery can make all the difference. The PKENERGY 3U 51.2V 100AH Rack Mounted Lifepo4 Battery is one of the best batteries for solar off-grid systems on the market. It adopts highly reliable Lithium battery cells, offering a long cycle life and consistent performance.

Features of the PKENERGY Rack Mounted Lifepo4 Battery

PKENERGY 3U 51.2V 100AH Rack Mounted Lifepo4 Battery packs use advanced Battery Management System (BMS) technology to enhance system performance, prolong battery life, and warrant safety.

They come in various sizes and are easy to install with customization services available for panel options and support for parallel expansion. The Rack-Mounted Batteries (Server Rack Battery) are a great way to store energy and maintain electricity in the building.

Parameter of the PKENERGY Rack Mounted Lifepo4 Battery

No.	Item	General Parameter	Ren
1	Combination method	16S1P	51.2V
